

M/Power™

is a USB Type-A and Type-C charging station with audio pass-through that saves space and offers convenient, high-speed charging for personal devices. Compatible with any Humanscale monitor arm and designed specifically for desktops, M/Power offers instant access to charging and audio that is typically out of reach with today's common computer placement.

- Charging station offers (1) Type-C charging port and (2) USB Type-A high-speed (2.4A, Quick Charge) ports for the fastest and most versatile charging available
- The combination headphone/microphone port provides a convenient connection for headphones or speakers
- Perfect for smart phones (Type-A or Type-C charging), tablets and portable power bank chargers
- Kensington Security Slot allows for additional security and theft protection
- Supports every style and colour of Humanscale monitor arm
- Limited 3-Year Warranty

Design Story

Like all Humanscale products, M/Power was designed to maximise user performance with a focus on function, simplicity and longevity. By designing with minimalism, elegance and cutting-edge technology in mind, our products will maintain their relevance for years to come.
